

YANMAR

Mark Parkes

Yanmar Gives Fisherman His Mojo Back

Mark Parkes is a self confessed fishing tragic. Mark's fishing boat is Mojo, a Cairns Custom Craft bridge deck plate hull. The original diesel engine (non – Yanmar) was incorrectly specified and underpowered.

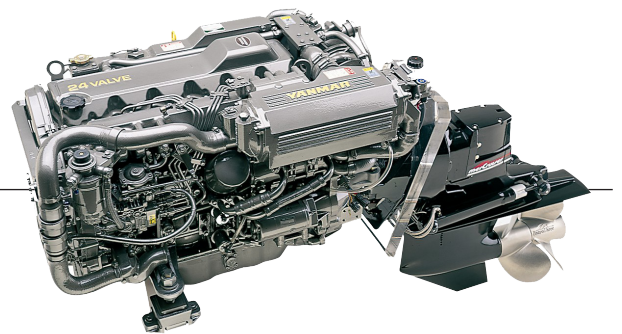

“With my original engine, I lost my desire to go fishing – I was so disappointed. But when I repowered with the Yanmar 6LPA-STZP2 the boat was transformed.

The Yanmar punches the 3.5 tonne boat easily onto the plane. Top speed is 35 knots and my ideal cruise is 27 knots at about 3300 rpm. Fuel consumption is a miserly 18 litres per hour.

With hundreds of hours of trouble free boating with the Yanmar, Mojo is a delight. We're going to sea to some really remote locations and doing it easily.

Thanks to Yanmar, I got my Mojo back”

Mark Parkes - Mojo

Yanmar 6LPA-STZP2

232kW (315 mhp) @ 3800rpm

- Shaft and Sterndrive models available
- Low Noise , low vibration and typical Yanmar reliability
- Class leading fuel economy
- Turbocharged / Intercooled
- Overhead camshaft / 24 valve design
