Technician Name:	Anthony Duff
Date of Operational Check:	9TH December 2020
Sold by:	Power Equipment Ltd (NZ)
New Installation Completed by:	Bob Leach / Ken Northern

Comments:

The owners built the hull and decks approximately 8 years ago, the boat was left for several years before a concentrated effort was made over the last couple of years to get Pandemic ready for the upcoming summer period. The tidy engine room installation located under the saloon, allows access to both engine service items. There are also soft patches above each engine which will be handy when top end services are required.

Disclaimer: Power Equipment provides this Performance Report for general information only. This data is accurate only as to the exact date, time and specifications set out in this Report. YANMAR makes no warranties as to the performance or fuel consumption of any boat equipped with a Yanmar engine as numerous factors affect actual performance of an engine.
