

Power Profile

Vessel Name: Rusty

Application/Vessel Type: Pleasure craft

The Elite 8 designed by Herley boats features class-leading strength and weight distribution, built to endure the roughest seas. Every detail, from its sleek bow to its luxurious finish, is designed for superior performance and comfort.

Paired with the high-performance Cox 300 diesel outboard engine, this luxury vessel promises an exceptional boating experience. The Cox 300, a fuel-efficient and eco-friendly diesel outboard engine, offers maximum speed with industry-leading fuel efficiency. With 479 lb.ft torque at 2250-3000 revolutions per minute, it ensures smooth, controlled movement through the water, meeting the demands for a high-performing outboard engine while ensuring safety and convenience.

The ultimate in boating luxury!

Vessel Construction:	Aluminum
Vessel Length:	8.2m
Vessel Weight:	3.4 tonnes
